DRAW THE HUNT OF A LIFETIME, HELP PAY FOR ACCESS YES!

Expanding **Access Yes!** to provide more hunting and fishing access on private and public land will require additional funding. Part of the funding will come from selling chances to win "super hunt" tags. You can mail in these applications (or photocopies), purchase applications from license vendors or over the phone at 1-(800) 554-8685 or 1-(800) 824-3729 to be mailed to you, or online (see below). Phone and Internet applications have a processing fee added by the contractor providing the service which is equal to three percent of the purchase plus \$3.50.

One super hunt application = \$6.25, package of six = \$24.95, package of 13 = \$49.95. "Super Hunt Combination" applications = \$19.95 for one, \$99.95 for six and \$199.95 for 13. Drawing dates will be June 15 and August 15. You may apply as many times as you like.

Super Hunt Combo Tag and Super Hunt applications must be received at the Fish and Game headquarters office no later than May 31 for the first drawing. Applications received after that date will be entered in the second drawing. Applications for the first drawing will not be eligible for the second drawing. **Applications received for the second drawing must be received at the IDFG headquarters office no later than July 31.** Mail applications to IDFG License Section, P.O. Box 25, Boise, ID 83707.

Online there are two ways to get applications: Print the application forms from <http://fishandgame.idaho.gov/cms/licenses/apps/> and mail them in with the proper amount of money (don't send cash - personal checks are accepted). You can also pre-pay by using your credit card to pay online at

☐ 1 = \$19.95

☐ 6 = \$99.95

☐ 13 = \$199.95

**USE THIS APPLICATION FOR ALL FOUR SPECIES:
DEER ELK, ANTELOPE, AND MOOSE**

Did You Know...

Stocking or transplanting of fish is prohibited by law within the state of Idaho (Idaho Code 36-1404(b)).

Why should you care?

- Introductions of new fish species into some waters can destroy existing fisheries or cause expensive nuisance control efforts by the Fish and Game Department.
- Diseases and unwanted aquatic pests can be spread into pristine waters (example: whirling disease).
- It is illegal (illegally transporting and stocking fish carries a maximum \$10,000 penalty).
- Unauthorized introductions can cause serious impacts to native fish, and may result in listing under the federal Endangered Species Act.

You must have a permit issued by the Idaho Department of Fish and Game before transporting or stocking fish.

**DON'T MOVE FISH
FROM ONE WATER TO ANOTHER!
(SEE PAGE 13)**

THE SPREAD OF AQUATIC NUISANCE PLANTS AND ANIMALS IS COSTLY AND NOT ONLY AFFECTS YOUR FISHERIES, BUT CAN ALSO:

- Clog water intakes and irrigation systems.
- Make waters unusable for swimming and boating and fishing.
- Eliminate waterfowl habitat.

What can you do to help?

- Prevent the spread of unwanted plants, animals, and snails by thoroughly inspecting boat trailers and motors, and removing vegetation, fish, and other debris prior to leaving the area.
- Thoroughly inspect boat live wells to insure they are drained and empty before leaving the water.
- Help prevent the spread of fish diseases by not using fish or fish parts as bait if they were caught in a different body of water, and by cleaning and drying waders and other equipment between uses.
- Spread the word to other anglers.
- Notify IDFG of illegal transport or stocking activities.

ATTENTION BOATERS – WE NEED YOUR HELP!

Be on the lookout for Eurasian watermilfoil!

- A nasty invasive deadly plant that's on Idaho's "noxious weed list"

Eurasian watermilfoil
(*Myriophyllum spicatum*)

Eurasian watermilfoil

- Interferes with water-based fun
- Clogs boat and jet ski motors
- Entangles fishing, swimming and water skiing sites
- Destroys habitat for waterfowl, fish and other wildlife
- Damages water quality
- Impacts power generation and irrigation by clogging dam trash racks and intake pipes
- Provides stagnant water for breeding of mosquitos

You can prevent the spread of this noxious weed

- Clean boats, trailers and jet skis before entering and after leaving the water.
- Dispose of the weed by placing it into the nearest trash receptacle.

What to do when you see this weed

- Do not pull it. You may simply spread this weed if you pull it out of the water. A piece of this plant the size of a postage stamp can sprout and grow an infestation of weeds.
- Contact your local county weed superintendent listed under County Government in the phonebook or from the website of www.agri.state.id.us/animal/weedintro.htm

The six areas that you need to clean are shown in this drawing:
